THE CLASSIC TEE COLLECTION

BY **LIGNUM**

Our first tee was presented to the public at Golf Europe in 2002. Since then, **LIGNUM TEE** has become increasingly successful for almost 20 years, and is now by far Europe's number one tee.

In the meantime, **LIGNUM TEE** has spread worldwide and constantly expanded its tee range, while adding other exciting products to our portfolio. Innovation and high-quality materials incorporated into an impressive design characterize all products that are made by **LIGNUM TEE**.

This ensures that both the **LIGNUM TEE** brand and our sales partners are always ahead of their time, remaining interesting to achieve a steady and constant growth.

HEAD Ergonomic shape for convenient ball placement.

INNOVATIVE RING SYSTEM

The **LIGNUM TEE** ring system is designed to make the positioning and height adjustment of the tee quick and easy every time. Consistent height control allows you to find the sweet spot, improving confidence.

BOOST DISC

Fix the setting of your tee

MATERIAL

The innovative material Microwood stands for stability, flexibility and durability - 50 times more durable than traditional tees.

WHICH TEE FOR WHICH SITUATION?

FAIRWAY WOOD

use the head up to the second ring

RESCUE

Use the head or our recommendation 38mm 1 1/2" tee

IRON

Use the head or our recommendation 38mm 1 1/2" tee

DRIVER

Recommendation: use third to fourth ring

BOOST DISC

fixed setting of tee height, helps for a constant height

SELECT OUT OF 9 LIGNUM COLORS

White Pink

Yellow

Red

Blue

Hitting Green

Driving Blue

Spinning Orange

Flying Pink

Punchy

THE NEXT STEP TEE

BY **LIGNUM**

MATERIAL AND PRODUCTION

The tees are made from a biopolymer specially developed for us, which contains 99% corn; a renewable and extremely resourcesaving raw material. Thus, the Ecoline tee is biodegradable and CO2 neutral. A stable tee meeting all of our requirements was created using the production process that was tailored to it. The short transport route from production to warehouse also results in a minimal carbon footprint.

PACKAGING

Our current packaging is biodegradable, which reflects the sustainable considerations behind our design and materials. every tee.

SOCIAL RESPONSIBILITY

Our partnership with 'Wiener Lebenshilfe' is another important component of our Ecoline and the sustainable concept. This Austrian association enables people with intellectual disabilities to lead as self-determined a life as possible and offers approximately 400 people a home, work, and representation for their concerns. In the "Wiener Lebenshilfe" workshops, the tees are thoroughly inspected and hand packaged for us.

NEXT STEP ADVANTAGES

Simple vertical placement

Prevents smashing away

MAKE A STATEMENT PROVEN QUALITY, THINKING ONE STEP AHEAD.

The Ecoline from **LIGNUM TEE®** sets new standards in terms of sustainability, social responsibility and climate and environmental protection.

FOR A BETTER GAME

Ecoline tees are available in all sizes and types - Classic, Sports, Star and Next Step – and guarantee optimal control over the ball height for golfers of all levels on every tee.
