GREGNORMAN

ABOUT GREG NORMAN

Arguably the most successful athlete-turned-businessman in the world, Greg Norman is known as much for his entrepreneurial spirit in the boardroom as his dominance on the golf course. The internationally recognized “Great White Shark” won more than 90 tournaments worldwide, including two British Open Championships, and claims the distinction of having held the No. 1 position in the world rankings for 331 consecutive weeks. In 2009 and 2011, Greg served as the Presidents Cup Captain of the International Team and his strong influence in the game continues today as lead golf analyst for FOX’s USGA coverage.
