

# THE MATCHBOOK

## *Small with great Effect.*

The Lignum Matchbook offers the flexibility to present your corporate design in the best possible way. The high quality cardboard tee boxes in handy matchbook format come equipped with four Lignum Tees. The Tees can be customized as well and are waiting to be dressed. Printing is possible on the shaft and on the head.

### MATCHBOOK CUSTOMIZING

*Creative Design*

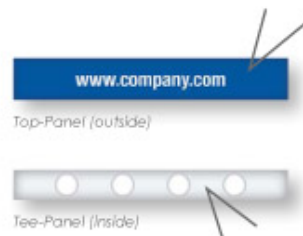

Designs may be placed all over the 12 planes in- and outside. The 5 panels shown are the most important ones to attract attention.

# *PERSONALIZED BULK TEES*

Printing is possible on the shaft and on the head of these very durable premium quality Lignum tees, leaving a long lasting impression with golf players.

# *LIGNUM PERSONALISED ECO LINE TEES*

Both these tees and their packaging are biodegradable. Finally a climate-neutral and sustainable tee-gift is available. Available in biodegradable pulp bags of 6 tees or 12 tees.

# *LIGNUM F/X PERSONALISED SWITCHBLADE PITCHFORKS*

Elegant design meets functionality: the new -F/X- pitchfork combines both. It is made of particularly high-quality materials without elements of plastic; brushed, stainless steel for high stability and precise application combined with aluminum core for lightweight. It is opened with an automatic trigger and comes with a ball maker, also available for personalization with your event, club or company logo. It has a natural feeling wooden handle which also gives the fork its unique appearance. Choose from olive or walnut wood.

# SAFE BAG

## *Handy and waterproof*

The Safe Bag is a small bag for your valuables and easy to attach to your golf bag. The bag is made of waterproof material with specially welded seams. If you roll the top three times and close the buckles, the bag is completely waterproof. Comes with your company logo on a domed patch.
