

# LIGNUM TEE

## #1 TEE in EUROPE

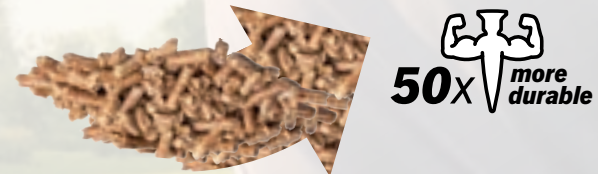

Lignum Tees are premium golf tees for

- more durability
- more consistency
- more comfort
- more sustainability

Recommended by 5 milion golfers worldwide!

## A unique resource-saving material makes the difference!

With **Microwood** we developed a new material – consisting of wood particles and natural adhesives – which makes our tees 50 x more durable and enviornmentally friendly.

## IMPROVE YOUR GOLF PERFORMANCE!

The Lignum Ring System allows you to set up the exact same height every single time. It makes it easy to consistently hit the sweet spot. This way, you further your hit and improve your self-confidence.

# LIGNUM TEE

## ECO by NATURE

The big step to become 100 % climate neutral.

The biopolymere material for the Ecoline tee is **biodegradable**, which results in a minimal carbon footprint. Ecoline tees are available in all sizes and types – **Classic, Sports, Star and Next Step**.

## NEXT STEP TEE FOR A BETTER GAME

The patented round shape prevents the tee from being swept away upon impact and allows the tee to always be inserted straight down.

## ... AND A BETTER WORLD
